We offer classes to anyone desiring to grow in their faith. We strongly encourage elders, deacons, teachers, parents, students of the Word, those retired, or new converts to come audit any of our classes at no cost except your time and best effort.

# DO YOU WANT TO HELP DEFEND THE GOSPEL?

We are honored by those who have helped us by supporting students, instructors, and the school in the past and present. It takes financial resources to ensure the school continues to help provide the basic living and spiritual essentials for our students. We ask that you consider helping in one of these ways:

## SEND US SEEKERS

Those that seek truth and keep God first are the very people we want to teach.

## SUPPORT THE SCHOOL

Consider supporting our various programs we use to evangelize across the world.

## PRAY FOR SOULS

Everyone deserves to hear the Gospel. Pray that God can use us to save many souls.

The Tri-Cities School of Preaching & Christian Development believes that soundness is scarce in the world today. We believe that the Bible can help with that problem with Christians who share the teachings of God in a sound and logical manner. If you consider yourself someone who wants to know the truth better or defend against false teachings, come take our 3rd year courses. We specialize in examining and refuting erroneous doctrines facing the church today. These classes work through logic, philosophy, world views, and more.
